

# Multiplex Testing Process Flowchart

## Care Home Symptomatic Resident

A Care Home Manager contacts SBUHB Covid Referral Line on 01639 862757 to arrange testing for symptomatic residents.

## Care Home Whole Home Test

Any request for a Whole Home Test or other mass testing can only be made by the TTP or Environmental Health (Regional Team). Care Home Managers cannot request this directly.

All PCR Test results go to the Care Home Manager, Public Health Wales and Relevant TTP Teams (NPT/Swansea).  
Advice in relation to the test result will be provided by TTP / Regional Team.
